Att. Of Mr Jean-Marie Bontems  
Rue de la Lys 21

7500 Tournai

Diegem, 11/04/2011

**Our ref.: Qualification System 2010/S 186-284325 - Electrical Installation works  
in high voltage substations**

Dear Sir,

Hereby we would like to confirm the result of the phase 2 – technical & safety audits which is part of the assessment of your candidature file introduced on 3/12/2010.

In the table below, you will find the detail of the audits that have been completed:

<b>Audit</b>	<b>Place</b>	<b>Date</b>	<b>Result (Pass/Fail)</b>
Technical Administrative	Office Elia Diegem	30/03/2011	Pass
Technical on Site Work	Site Fluxys Berneau	9/02/2011	Pass
Safety Administrative	Office TEI Tournai	7/02/2011	Pass
Safety on Site Work	Site Fluxys Berneau	9/02/2011	Pass

Following this audit program we are in the position to confirm your **provisional qualification** for Electrical Installation works in high voltage substations for project type:

- In the Dutch speaking region
- In the French speaking region

And for voltage levels:

- ≤36kV
- 70kV
- 150kV
- 220kV
- 380kV

Your Final Qualification will be confirmed after the completion of a pilot project for which a positive debriefing is required.

You will receive separately our standard documents and the draft qualification agreement for comments. Once the qualification agreement is signed, you will receive our price requests for the type of projects for which you are qualified.

We are available for all your questions about the procurement procedure and the motivation of our decision.

Kind regards.

For the Contracting Entity
